## Using the PTI Connect on a Mac

1. Install Microsoft Remote Desktop. This is done via the App Store. At the time of writing, Remote Desktop 10 is the most current version.

2. Download the PTI Connect from the bottom of papertransport.com

3. Open Microsoft Remote Desktop. Click the gear icon and then click 'Import Desktops...'.

4. Navigate to where you downloaded the PTI Connect to. Select and click 'Import'. This will import the PTI Connect and make it available to use.
